Clap
Cause

Disease of heart. Organic & functional
Tolueno cause of functional disease
Aortic pericarditis, function found a sign
Endocarditis is cause of pleurisy - cause pneumonia
Sag-Cad. Incurable Endocarditis is not
Chronic valvular disease of heart, signs
Edema in feet & in legs, difficulty of going up
stairs, lungs & death suddenly or gradually, in
consequence of ~~any~~ acute disease of heart & must
not frighten patients, good care will prolong
life - Patient - Rheumatism does nothing
of itself. Impossible to tell the common signs
palpitations a sign work run & sounds flat

Rest
ment

Norris Hydrocele. cure injection of Iodine, re-
turned 4 or 5 minutes within the sac, first
tap and draw off the water & $\frac{1}{8}$ Iodine $\frac{1}{8}$
water - Mutter - Cure in respect to the carula
& — Amputation of the arm,

Jefferson Anna Mitchell
Patient Bowel reg. appetite no sleep no thor-
acic, & hum. & complaints of pain in

2

The right side in the region of the liver - enlargement
 tumor may be enlargement of liver or thickening
 Treatment Carb Ferri 5 gr Three per day
 Blue mass pill one in three nights omitting
 iron upon that night. Blister

Patient Hemorrhage from the lungs
 complaint dulness on percussion by the
 whole hand & age 25 years. Left lung diseased
 Treatment change of climate, tuberculous
 cases should go north, bovine tubercular
 should go south, Cod liver oil
 Stomach will not bear coconut oil
 Fowler's solution, Arsenic - 3 drop
 solution in oil Table spoonful three
 times per day

Patient child, menstrue, hernia Cod liver
 oil 1/2 spoonful 4 times per day bandage

Patient woman 19 yrs

Iodide of potassium - Typhoid 5 gr 3 per day
 Great - 1/2 gr Calomel 1 gr Hyacinthine every
 other night

Patient child, examine the mouth look
 for worms, Impuncta dissection
 of abdomen frequent discharge of

watery character? give Milk and water
treatment. Blue mass or cal & opium
Cal $\frac{1}{6}$ gr and $\frac{1}{12}$ gr opium pill or powder
to be given three times per day, flannel
roll around the abdomen &c

Patient Woman age 29 Constipation
Alter 1 gr Allum 2 grs Rhu cal $\frac{1}{6}$ gr
1/16 Barbamissic or sulph dent. 10 beancs
per day

Pat Boy ^{10 wks} porrigo decalvus, veg growth
Great Garboventment, red praecox
unguent. Sulph ointment equal parts
shave the head - 2 drops Fowler's Sol
in a tumbled spoonful of water 10w
per day

Patient Woman 26 age. Sore throat
in larynx and trachea, two months duration
Great Inhalation of Chlorine, Leeches or
Blisters Local disease

Pat 64 yrs Affection of heart, great
enlargement of heart, water burbuds
Great Live upon veg diet. 2 doses of Pat
with Gum Symplic. 2 grs 2 - Part 5 drops Day

4 Clinic. Mustin Surgery
Proliferous cyst of mamma. G. Brown
Annover - Page's Pathology
Pamost. Operation upon the
eye dissection of a per list -
Watty tumor upon the buttocks
Cystic tumor upon the neck

Gerhard. Brown monia
Signs. Countenance, flushed & tumid
not flushed - nose dilated. Lips become
dry, not dry delirium - confined to
night. Expectoration transparent. Semi-
transparent, 3 Stage, yellow. Bronchitis
also the sputa - Secreta pale
frequent sometimes not increased
generally from 80 to 100 per minute
frequency of respiration 30 to 40 or
50 sometimes 50 to 60. Child
even 90 to 100 - nervous respiration
has frequent. Stomach disordered
but not despaired, appetite lost
vomiting sometimes

Physical Signs dullness, bronchial
and inspiratory - Bronchophony Crepitant
Bronchovs developed in Strains -

Complication: Endocarditis very common -
Cough hacking on account of inflammation
Duration of the disease mild 4 or 5 days 10 or 12
days Treatment: cupping in place of being bled
but in anemic bled, in severe, not much
advantage after 2 or 3 days 2 doses powder
3 gr every 3 or 4 hours Cal 1/2 gr 1/6 gr 1/6 gr
every 3 hours on account of looseness of bowels -
give small quantity 1/2 gr Cal 1/3 gr 1/6 gr 1/6 gr 2 hours
but not stimulating

Accid, Compound fracture of the hand, by
placing the hand over the muzzle of a gun -
Keep the patient at rest until all the
wounds are coming

Exposure of bone of skull from a brick
falling on the head -

Neurosis of bone upon a strain
Do not until nature loosen the ligaments

Case for diagnosis, cold man
& attacked by pneumonia
right lung yet dull upper
part sounds well. Looks bad.
Drugs soon on sale entire pain
So far as the pneumonia is concerned
is getting well. Pain about the

Bladder, no pain now was
blistered. Acute cystitis
paralyzed, want of power of
retaining Incontinence of urine
cannot tell by spec. but by the character
of urine. Loaded with mucus
It is 1008 - quantity 1 quart in
24 hours. Turbid, colour is alkaline
in inflammation but acid
in health. Urine is alkaline
Chronic inflammation of
the bladder with incontinence
of urine. Great. 10 drops every 3 hrs

Julia - Much enlarged
bowel complaint for a
long time. Diarrhoea
evacuations large with
faint line. Inflammation
of the small intestine
Rough red & Great
Mixture of chalk &c
Acute of Lead and opium
2 grs of Lead 4 grs opium 1/2, 2 times
in 3 hours

Hot salt bath once per day
diet simple regulated
milk chain intermittent

Wood

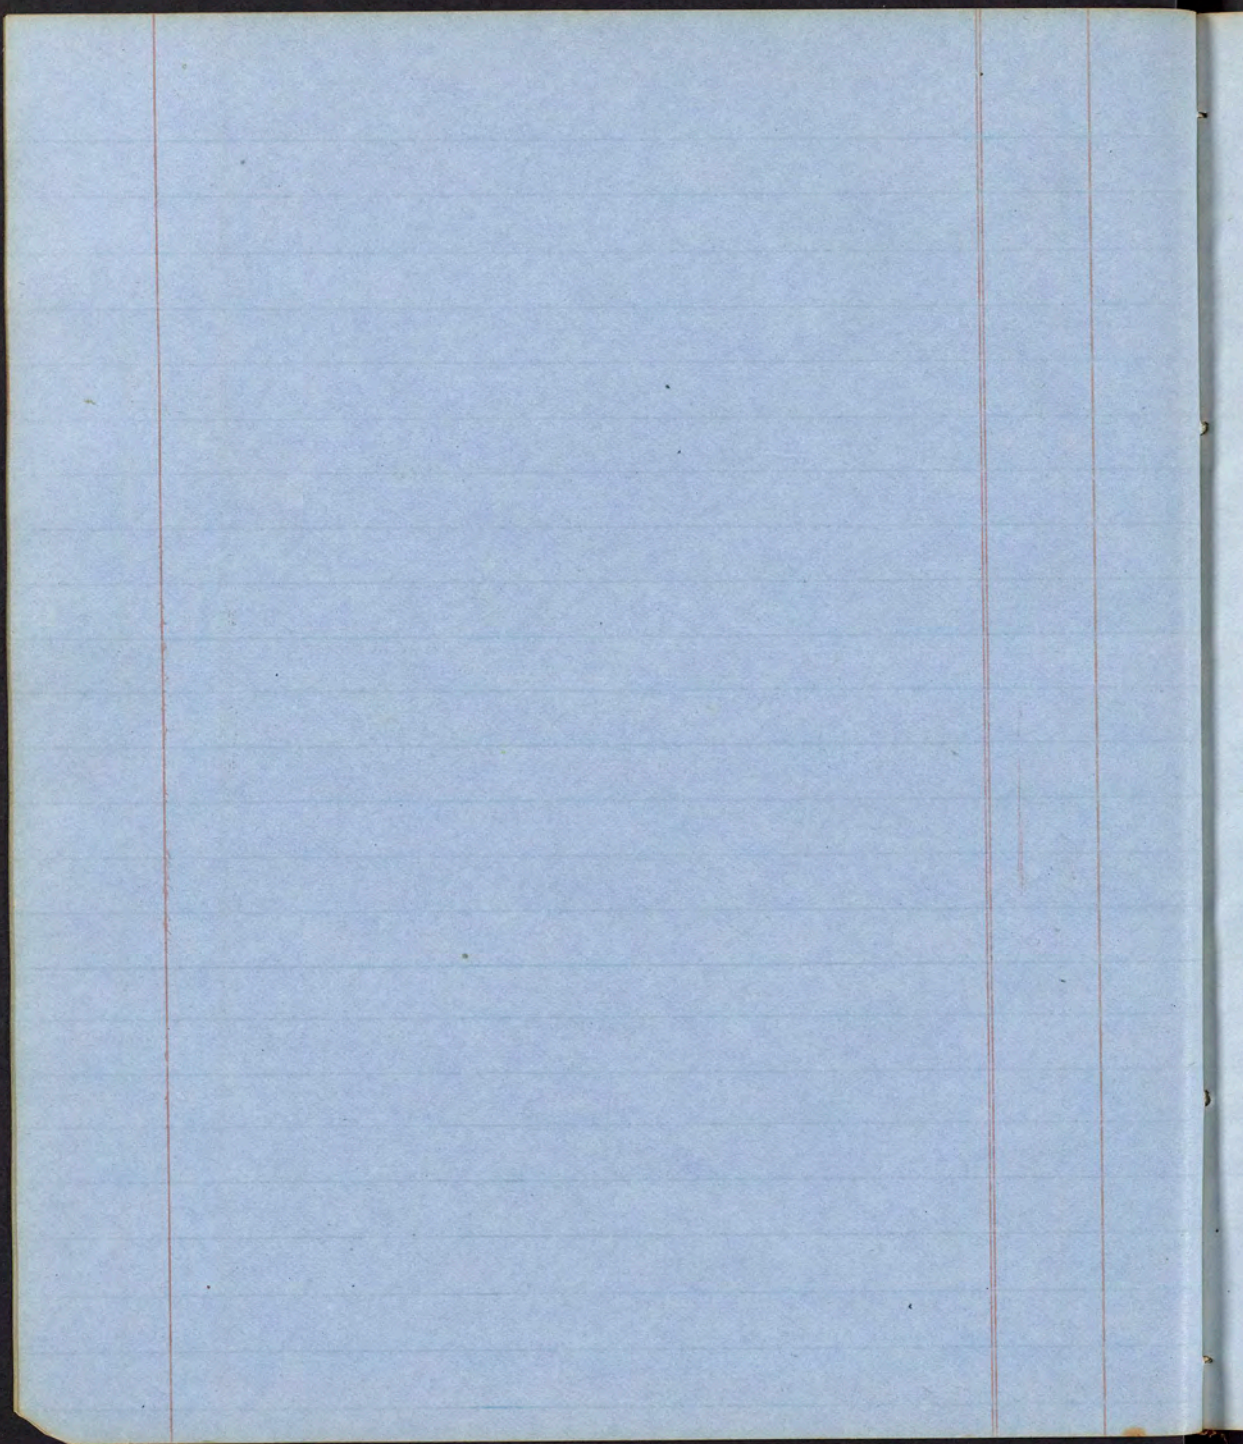

Erysipelas supervening upon
Dysentery Cal. Opium Ipecac and
warm salt bath Paint with
Vine of Iodine. Giving internally
15 drops every two hours.

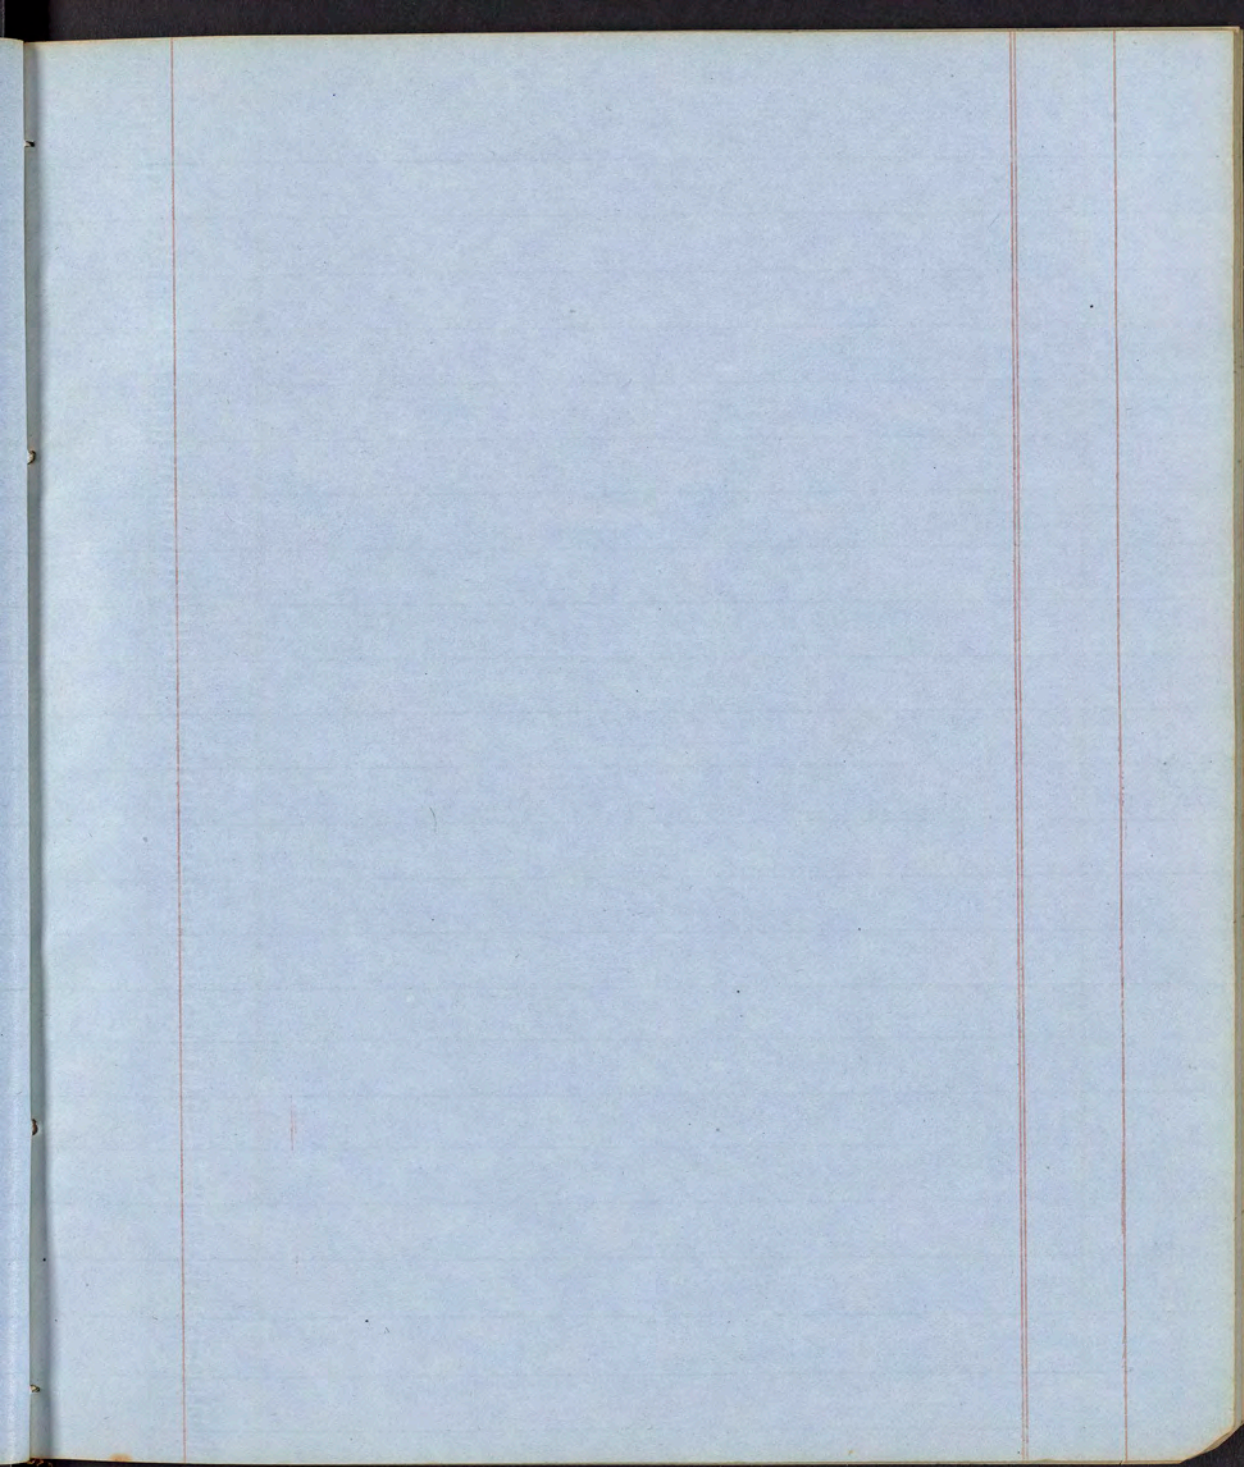

New patient, pale, sallow and emaciated
say he had had intermittent fever
some time ago. Great anæmia. Arteries
osified even the radial. Hardly hear
the action of the heart and a little rough
unusual clear sound of the heart all
as if osified. Caused by want of constr^{on}
aëdema or anasarca. abdomen full
General dropsy) P.P. Cough &c
Thrombosis not albuminuria. Spent upon him
Scars not in trouble. Slight if any
Great to the best you can be
Wrote the blood. Limon. Iron common
diarrhea

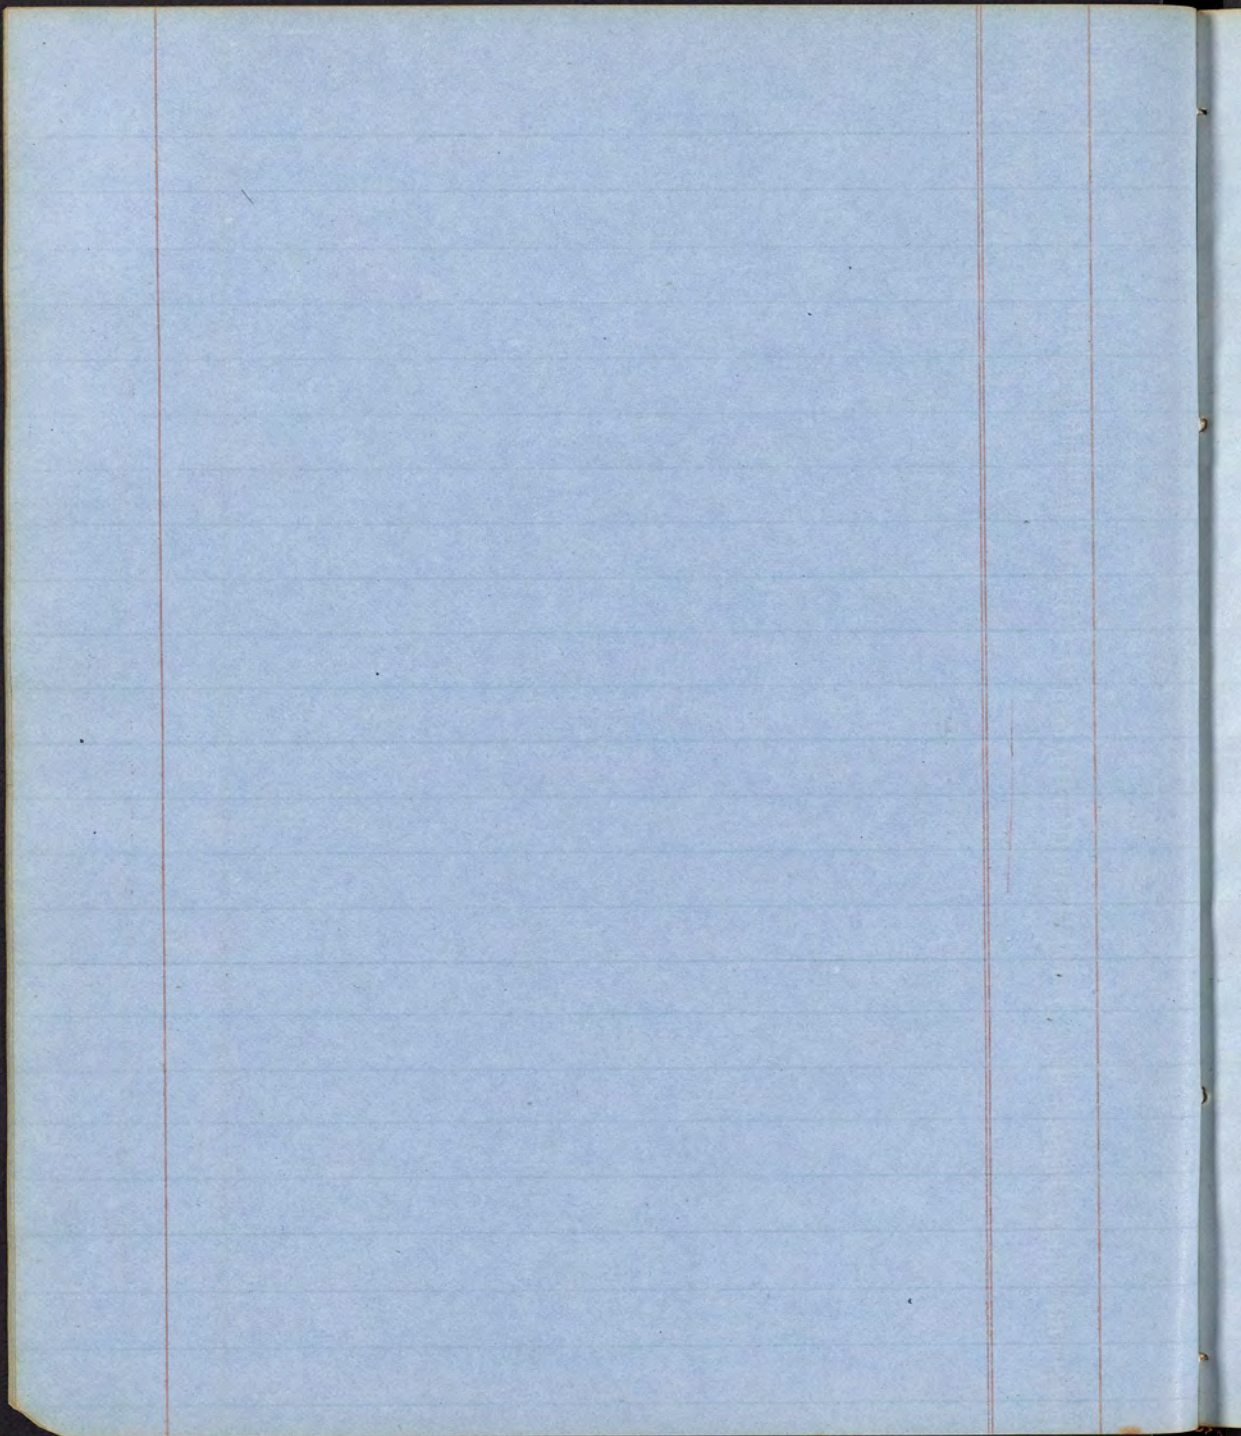

Patent Pneumonia consolidation
of a part of the lung Typhus state of
system Annuance. Cough of Serpentine
Pneumonia continuing with a few
crepitant rales. Scurvy blister. Blue
map of face and Ipecacuanha. Thrill
to the hand & dull in parts & dull
on percussion. Auscultation
crackling sound Bronchopneumia but
promising to get well &c
